Initial commit

Krzysztof Ciesielski 3 months ago

My like – the icon should have a different state (clicked) and probably the line could change the color.

Project skeleton based on Bootstrap

Krzysztof Ciesielski 3 months ago

If possible, there should be the number of likes, maybe here in the icon: < heart 4>.

Remove UI code related to entries

Krzysztof Ciesielski 3 months ago

The icon has 3 states:

- Not clicked – visible on hover
- Clicked by me – sticky / different state, number
- Clicked by others – number, but not clicked by me

m_aleksandrova 2 HOURS AGO

I think we need to change line 70 has changed due to new major fixes. The previous version caused performance issues and some other text as long explanation of commit

adam_w 1 HOURS AGO

Yes, it's a test check, so there's no monitor (test check during adding)
